Nerves just as surely come from the use of Hood's Sarsaparilla as does the cure of scrofula, salt rheum, or other so-called blood diseases. This is simply because the blood affects the condition of all the

Nerves

bones, muscles and tissues. If it is impure it cannot properly sustain these parts. If made pure, rich, red and vitalized by Hood's Sarsaparilla, it carries health instead of disease, and repairs the worn, nervous system as nothing else can do. Thus nervous prostration, hysteria, neuralgia, heart palpitation, are cured by

Hood's Sarsaparilla

Because it is the One True Blood Purifier.

A NEW YORK LETTER.

(Continued from second page.)

he had been honored with a membership in an English International Club, said, repeating for the edification of his hearers, (Andrew D. White and others) that Lord McCauley said: "In England no farm laborer was ever known to rise above his station."

A writer on a country paper at once took up the quotation, not denied by Garfield, said it was not true, not that he Garfield lied, but that Lord McCauley did. That Robert Burns was a farm laborer and that he wrote some of his most beautiful poems on his plough handle and that he became an officer of the revenue, but then dared to write "A man is a man for all that," following which he was forever stopped from going higher in the service of his king. And he did not come to free America and enjoy our freedom as the reputed great oratorical speaker goes to England to learn what landlordism is and comes back the speaker or counsel, possibly in their behalf to be followed by the Lord Chief Justice, who will no doubt improve an opportunity when introduced by Mr. Cochran, at a dinner, by the New York city bar to tell them in a law lesson, that in speaking of our extent of country, "You did not make it." As did Lord Coolidge and not a single lawyer either directly or indirectly answered the slur covertly given, that it was poor law, and not according to international law or the law of nations.

It remained for an obscure country lawyer in a country paper to answer this and to say that not only did we make the New York and Brooklyn bridge, erecting it from anchorages and cussion bottoms to height of tower, forging the steel, spinning the wire, making the bolts, drilling the holes and riveting it together, making a monument to peace greater than the greatest English ironclad, but we made every inch, foot, rod, acre, mile, state territory and all from the Alaskan mountains to Florida Keys by the blood of our fathers from 1776 to 1789, and since then by the frugality of the people, with gold and silver to buy and make it all, the United States of America, and under our flag the stars and stripes.

Whither are we drifting, is this no longer a free republic? Do our lawyers have to go to England and then come back and advise us afterwards, and then dare to say of another lawyer who stays at home, you are not worthy of giving advice, you do not believe what you say, you are deceiving the people who have almost unanimously nominated you for the highest office in the gift of the people after with their new states and new delegates doing away with the old financial attorneys of the Democrat party, the holdovers for the last sixty years and selected in Senator White of California a man who does represent the people and the Democracy of the country and who comes from a state richer than New York. If Burke Cockran is true, a richer state and one three times as large and in that selection got a counsel for our country.

About this time Burke Cockran said: "The Democratic party remains faithful to Democratic principles." "We must oppose the nomination of the Chicago convention." "The Democrat platform is Populism, (liberty) tainted with Republicanism."

Away with such bosh, such feed, such sop for workmen, for farmers, laborers, and miners; who themselves all want sometime to own a farm away out on the trolley. He is no orator on this subject if at all. (At this time about one thousand left the hall) The United States of America by its Democrat party at Chicago said, go back to your kennel, go back to those who sent you, for you are not Democrats and lovers of the constitution.

This is one of the greatest campaigns ever witnessed either in the colonies or the United States, and with Patrick Henry let us say "we must fight, I repeat it we must fight," etc., shall we lay down our ballots and wait at home until the English landlord has his bull dog tagging at all our heels, till an English collar is around all our necks as well as that of the orator of Madison Square? Wait until their brand of bacon is stamped on all our hides?

Only work, work, work, active, energetic work from early morn until early morn, for our boy orator, older than Lord Byron, older than was Napoleon the 1st, when all the civilized world recognized his genius; and, if not sacrilegious to say it older than was our Savior when crucified on Calvary. He who began his mission by turning out the money changers from the temple; and, this fight is won, ours the verdict that William Jennings Bryan, is our president elect of these United States of America.

A. WORKINGMAN.

AN OFFICIAL RALLY.

The workmen's McKinley and Hobart club, held an official rally Friday night at the opera house. The workmen on the platform represented about \$25,000, to \$50,000 official salaries, and about a quarter of a million of wealth. These workmen are not going to have any free silver, and "don't you forget it!"

These working men are not going to subscribe to a policy that would lower the purchasing power of dollars and bring up the purchasing power of labor and products. Labor and products are all that farmers and laborers have to sell, in order to live. If they get more dollars, these opera house workmen will have less. That will never do!

The opera house workmen are generous. They are generously putting up their hard-earned official dollars, and exporting them to Portland, (no issue of bonds), to help the bankers and corporations there carry Oregon for McKinley and Hobart. It would ruin our country if the people were permitted to vote values into labor and products, and vote the power to plunder out of gold. Down with such anarchists!

Rev. Edwards Davis, the young minister who has come out for silver, is probably afflicted with the possession of a heart, conscience and soul.

The man who stands idly by and sees the life fading out of his wife's face, sees her health going, sees her becoming old and faded and wrinkled when she should still be in the perfect enjoyment of vigorous, useful health, is either less than a man or else does not know of the one remedy which will bring her back to health and strength. Most women do not understand their own bodies, or the things that make them well or sick. The most frequent cause of sickness in women is the cause last looked for, a severe cold, or some acute digestive disturbance, but she hesitates and procrastinates when the trouble is with the distinctly feminine organism. It is the most serious sickness that any woman can have. It is the most dreadful—the most dangerous, and its consequences are always serious, and its consequences are the beginning because it is debilitating. It saps the life and strength and works on the nerves to such an extent that the whole body is disturbed. Appetite leaves, the color goes from the face and hollows sink into the cheeks. Irritability succeeds good temper and fretfulness takes the place of contentment. Little by little life becomes more and more miserable. The woman is killing herself with neglect just as surely as if she were taking deadly poison. Perhaps her husband cannot persuade her to go to her doctor, because she naturally dreads the inevitable examinations and "local treatments." He can persuade her, if she needs persuasion, to take Dr. Pierce's Favorite Prescription. This truly wonderful medicine has cured thousands of women after the best physicians have failed. It has been in constant use and tested every day for 30 years. It isn't an experiment, there are no chances about it. It is a certain and infallible cure for all derangements peculiar to women. Those who care to know all about it, and to receive the best medical work ever prepared for the general public are invited to send at once a stamp to cover cost of mailing and receive a copy of Dr. Pierce's Medical and Surgical Advice. A PEOPLE'S PAPER

The Great One Cent Silver Daily--The Only Associated Press

Silver Daily.

Daily Capital Journal \$3 a Year---Weekly \$

POST THIS BILL.

Cut this out and post up in a conspicuous place where it will be seen. All the associated press papers in Oregon, except THE JOURNAL, are published in the interest of the gold standard. Send 25c in silver for the daily one month.

The Oregon Press Monopoly

Will not treat the restoration of silver fairly. It will not tell the people the truth. It dare not. Take a fair paper that gives the people's side as well as the Wall street side.

Are You a Patriot?

Help your country by circulating the only Associated Press Daily in Oregon that advocates

Independent Bimetallism.

All the news of the great battle of the people for silver. Advocates the Bimetallic Union of all who are opposed to the single gold standard.

Do You Favor Unity and Harmony

as the watchword of the people of Oregon?

Subscribe for the Capital Journal!

Daily thirty days for a silver quarter.

Each issue a complete history of the day, and a gathering ground of arguments for the people's cause.

READ! READ! READ!

The people are charged with ignorance by the gold press. This is a false charge. Wherever the cause of free coinage of gold and silver 16 to 1 is most discussed and best understood it is most popular and strongest with the people.

Sixty Days for 50 Cents.

If you can't talk or write for silver, read and mark articles and send them to your neighbors and friends—sixty hot shot for 50c. Cheapest political ammunition in the country. Send a silver quarter or half dollar and try it. The people must be educated and it is your duty to help do this work for humanity.

WE DON'T WANT GOLD

alone, but we want both gold and silver. There is not gold enough in our country to pay one-twentieth of the debts owing in this country. If you want repudiation advocate the single gold standard. It means contraction of our currency, destruction of values, and repudiation. Investigate and you will be convinced.
